This matter is before the Court on defendant's motion to reduce sentence (Filing No. [64](#)), and the stipulation of the parties (Filing No. [65](#)). The retroactive amendment to the cocaine base guideline changes the total (final) offense level from 33 to 29. The criminal history category remains at III. The government and defense agree that the new sentence should be eighty (80) months imprisonment, based on the prior computation of specific offense characteristics, adjustments, and any departures. Accordingly,

IT IS ORDERED that said motion is granted and the stipulation of the parties is approved and adopted; the sentence of the defendant is reduced to a term of eighty (80) months. He shall receive credit for all time served. The conditions of

supervised release entered in the original judgment and committal order remain in full force and effect.

DATED this 14th day of November, 2011.
